

**Pamela Thomas
Voice and Piano Teacher**

I'm enjoying teaching voice and piano lessons to several students at TMA. I will be able to add a limited number of students this school year.

I received my Bachelor of Music degree at UNT and my Master of Music degree at TCU. I have taught private lessons for many years during my time teaching classroom music and since retirement. I am passionate about music and sharing both music skills and the excitement of music with children. In piano lessons I use the Alfred books and method of teaching, which teaches skills step by step using pieces which children enjoy playing.

Lessons are \$25 each. You may contact me at 817-797-4416.
